

Specifications

Structural Glazing System : 4 Way Structural Glazing Heavy-Duty.
 Weather resistant, durable and easy to maintain
 Curved surfaces with no sharp Edges.

Mechanical properties

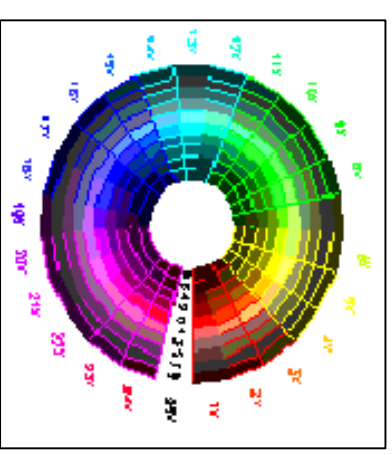

Thermal : T6
 Tension : 15
 Yield : 11
 Elongation : 8%

Chemical properties:

Aluminium: 97.65%
 Titanium 0.1 %
 Silicon : 0.3-0.6 %
 Iron : 0.35 %
 Manganese : 0.1 %
 Magnesium : 0.45-0.9%
 Chrome : 0.1 %
 Zinc : 0.1 %

Finish:

Electrostatic Powder Coating with the desired color

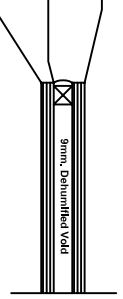

Glass Infill :- Single or Hermetically sealed Double Glass

6mm Clear Glass

Hermetic sealant

6mm Clear Glass
